

Problem of the Month – January

Find the derivative of $f(x) = x^x$.

Deadline: February 2, 2009.

- You may get a copy of this from the wall behind you.
- Its solution and Problem of February will be posted by February 10, 2009.
- Submit your solution to Dr. Yi Zhao by *yzhao6@gsu.edu* or drop a hard copy in his mailbox before the deadline.
